

E-motor test bench for train & tramway

2,1 MW / 4 outputs / 5m wide

- Railway testing & new motor development
- 2 speeds with automatic clutch
- 1 MW per output
- Delivered with lubrication unit and 5m x 8m base frame with anti-vibratory pads
- Efficiency >95%

Power

2 100 kW

Input Speed

1 400 rpm

Output Speed

5 000 / 7 500 rpm

HS Maximum Torque

5 590 Nm

Weight

15 t

Puissance

Vitesse d'entrée

Vitesse de sortie

Couple maximum GV

Poids

KR 5863

Gearbox for e-motor test bench
Multiplicateur pour banc d'essai de moteurs électriques
